THE DEADLY SCIENCE OF FLITECONTROL®

*Petals: Open in the rear to create an
air brake, keeping the wad with shot
longer for more energy down range.*

*Payload: The wad is combined
with a lethal stack of Premium steel and
FLITESTOPPER® shot for fuller, deadlier
patterns. Which is to say: birds = dead.*

*Windows: Open on the side of
the wad to allow air in, stimulating the
payload for separation from the wad.*

Purchase a case of Black Cloud® shotshell ammunition and receive a mail-in rebate of \$50 (limit 2) and a Federal Premium® edition Primos® duck call. Or, buy any two boxes of Black Cloud and receive the free call. Purchase must be made between August 1, 2015 and December 31, 2015, and the coupon received by January 31, 2016.
